1. Qualitative Information on Consolidated Financial Results for the Current Quarter

(1) Explanation of Business Results

During the third quarter of the current consolidated cumulative period, although the outlook of the Japanese economy was ridden by uncertainties such as overseas economic slowdown, extensive price hikes, and exchange rate volatility, in general, we think that the economy is on a moderate recovery trend as economic activities continue to normalize.

Under this business environment, in our 9th Medium-Term Business Plan that started in April 2023, we the Amano Group set forth the management concept of "The 4th Stage Towards a 100-year Company-Initiatives for a Paradigm Shift Leading to Sustainable Management" in which we will promote DX in each business field and execute strategic investments in software-based assets, IoT, AI, etc., and further enhance our competitive advantage in terms of profitability. Furthermore, we will proactively work to solve social issues.

As a result, during the third quarter under review, net sales were ¥107,791 million (up 16.8% year-on-year), operating profit was ¥12,581 million (up 40.2% yoy), ordinary profit was ¥13,470 million (up 36.7% yoy), and net income attributable to owners of the parent company was ¥9,094 million (up 44.9% yoy).

Main factors behind the business results

- (i) At non-consolidated Amano, Parking Systems sales continued to significantly grow indicating that the recovery trend is clearly positive. Clean Systems sales also continued to increase due to stronger sales of cleaning robots. Both software and hardware in Information Systems sales were up. Environmental Systems sales of standard dust collection systems declined due to the impact of lower orders for machine tools, but large-scale systems sales grew in response to demand for rechargeable batteries for EVs, etc., resulting positive overall sales.
- (ii) In domestic group companies, the consigned parking lot management service business performed well, exceeding pre-COVID results, and the cloud service business for T&A also continued to grow. The digital time stamp business continued to perform well, meeting the needs to respond to the requirements under the revised Electronic Books Preservation Act.
- (iii) In overseas markets, sales increased in North America, Europe, and Asia, partly due to the effect of yen depreciation. In Europe, sales of Information Systems in France continued to grow by capturing customer needs. In North America, Parking Systems sales increased due to the effect of new products, and earnings are also improving, while Clean Systems sales decreased due to a slowdown in the core wood floor sanding business. In Asia, Parking Systems sales continued to grow in South Korea and Hong Kong.

The following are business results by segment:

(3) Explanation of Forward-looking Information, including Outlook for Consolidated Operating Results

The third quarter of consolidated fiscal year ended with a growth in both sales and operating profit year-on-year as business performance remained strong. Although the full-year earnings forecast is expected to exceed the initial plan, the figures are still under examination in consideration of the large fluctuations in March earnings, which is the month of highest demand in Japan. Therefore, at this time, the full-year earnings forecast for the fiscal year ending March 31, 2024, which was announced on April 26, 2023, remains unchanged. We will disclose the forecast figures in a timely manner as soon as they are finalized.

Notes on Significant Changes in Shareholders' Equity

Based on the resolution of the Board of Directors Meeting held on April 26, 2023, Amano Corporation has acquired 795,100 shares of treasury stock. As a result, treasury stock increased by ¥3,647 million in the third quarter of consolidated fiscal year, including an increase due to the purchase of shares less than one unit, and reached ¥12,667 million at the end of the same period.

The 793,884 shares held by Amano Corporation as trust property of the Director's Compensation BIP Trust and Employee Stock Ownership Plan (J-ESOP) are included in the balance of treasury shares at the end of the third quarter consolidated accounting period.

Application of Accounting Procedures Specific to the Preparation of the Consolidated Quarterly Financial Statements

Calculation of Tax expenses

These amounts of tax expenses are calculated by multiplying the pre-tax net income and loss by an estimated effective tax rate for the year, determined using reasonable methods for pre-tax income for the fiscal year including this third quarter after applying tax-effect accounting.

In cases where an estimated effective tax rate cannot be adopted, the amounts are calculated by multiplying the legal effective tax rate after adjusting significant differences that are not in the scope of temporary differences from pre-tax net income and loss.

Additional information

Directors' Compensation BIP Trust and Employee Stock Ownership Plan (J-ESOP)

In Amano Corporation and some of our subsidiaries, for the purpose of enhancing the motivation to contribute to the improvement of medium- to long-term business performance and to increase corporate value, we have adopted the Directors' Compensation BIP Trust system for directors (excluding outside directors and expatriates) and operating officers (excluding expatriates). We have also adopted the Employee Stock Ownership Plan (J-ESOP) system for employees who meet the prescribed requirements.

[1] Outline of the system

Under the system, a trust is established with money contributed by Amano Corporation as a source, and stocks of Amano Corporation are acquired by the trust, and the stocks are granted to the eligible persons. Furthermore, this BIP Trust period has been extended for the same period accordingly after partial revision, with the launch of the 9th Medium-Term Business Plan in April 2023.

Under the Directors' Compensation BIP Trust, in accordance with the stock distribution rules and based on points granted according to the attainment level of numerical targets related to their positions and management indicators, stocks of Amano Corporation are provided by the trust to directors and operating officers.

Under the Employee Stock Ownership Plan (J-ESOP), in accordance with the stock distribution rules and based on points granted according to their positions and operating performance, etc., stocks of Amano Corporation are provided by the trust to employees who meet certain requirements.

[2] Stocks of Amano Corporation that remain in the trust

Stocks of Amano Corporation that remain in the trust are recorded as treasury stock in the net assets section with the book value of the trust (excluding incidental expenses).

Book value of the treasury stock and the number of shares

As of the end of the third quarter of the current fiscal year ¥2,268 million, 793,884 shares
